

Change Communication works with people experiencing homelessness and communication difficulties. We are a small charity and enjoy working in partnership with others to maximise our impact, however we must ensure we have capacity to deliver partnership work. To this end we ask you to briefly outline your **proposal** so that we can fully consider it and respond.

Please provide the following information and send it to the email address at the end.

1. Provide an overview of the proposal.
2. List the specific objectives of the proposal.
3. Provide an estimated timeline for the proposal.
4. Describe why this proposal is essential and how it aligns with our organizational goals.
5. Briefly define the roles and responsibilities of each organization in the partnership.
6. Specify the resources, such as financial, personnel, or in-kind support, each organization will contribute.
7. Provide your contact information.

Many thanks,

Leigh Andrews, Head of Speech and Language Therapy
